**Note: Candidates may not apply for VEE Accounting and Finance credit until 7/1/2018**, please see the [VEE changes page](#) for more information. Completion of the VEE Accounting & Finance topic requires coverage of both accounting and finance. Therefore, two approved options may be required to complete the accounting & finance VEE topic requirement. An approved accounting option may be paired with any other approved finance option offered by a university or an alternate VEE provider. The "Additional Requirements" column indicates which component of the VEE topic that specific course satisfies. If it states "No additional requirements", then that course will satisfy the complete VEE topic. FAQs are posted on the VEE Web page for information about adding options to the directory or extending the approved timeframe for options currently listed. Contact [vee@soa.org](mailto:vee@soa.org) if you have additional questions.
